### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Lanny Tucker on 8/21/2006.

The application has been amended as follows:

Claim 22, line 6, after "includes" insert --from 5 mol% to 50 mol% of the hydroxyl groups functionalized with--.

Claim 22, line 8, after "silyl group" insert --, with the remaining hydroxyl groups being free of said heat-labile moieties--.

Claim 24, line 7, after "includes" insert --from 5 mol% to 50 mol% of the hydroxyl groups functionalized with--.

Claim 24, line 9, after "silyl group" insert --, with the remaining hydroxyl groups being free of said heat-labile moieties--.

2. The following is an examiner's statement of reasons for allowance: In the response filed 5/20/2006, applicant amended the instant claims to require that only 5-50 mol% of the hydroxyl group-containing groups are functionalized with the instantly claimed heat-labile moieties. The Houlihan references teach methods of functionalizing the hydroxyl groups while minimizing the 4-hydroxy styrene impurities. The percent yield of the functionalized compounds is at the

minimum 62%, which is far above the upper limit of the instantly claimed range. Therefore, the rejections of record have been withdrawn, as the prior art of record fail to teach or suggest a multilayered element as described in claim 1, or a method of making such an element, thus the claims are now allowable over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Amanda C. Walke whose telephone number is 571-272-1337. The examiner can normally be reached on M-R 5:30-4.
